### NEW NURSING CLASS NOW IN TRAINING AT SANITARIUM

Students Come From Various  
Sections to Institution  
Noted for Good Work

Attracting students from many points in the United States and the world, the Glendale Sanitarium and Hospital has thirty-five members in its new nursing class. Mrs. Daisy D. Harris, R. N., superintendent, states there are now seventy-five in training here with twenty-six graduate nurses in charge, the latter including specialists along many lines of treatment.

The Glendale training school for nurses has the reputation of being one of the best in the Seventh-day Adventist church hospital organization, which possibly accounts for its wide attraction. There are five physicians and surgeons who spend their entire time at the hospital and numerous local and Los Angeles doctors have cases in the sanitarium and hospital. Dr. H. G. Westphal is the medical superintendent.

#### New Units Are Needed

Although this institution has a capacity of 125 beds, it has been crowded during the summer and the necessity for new units is apparent. The heating plant is being completed at the present time.

Among the members of the new class who come from outside of the state of California are the Misses Baillie Bridgewater of St. Louis, Mo.; Margaret Jackson of Bronx, N. Y.; Ethel Hare of Hilo, Hawaii; Adeline Renius of Sioux City, Ia.; Lucile Bond of Phoenix, Ariz.; Marie Riecke and Mabel Amey of Auckland, New Zealand; Gladys Russell of Fallon, Nev.; Mildred Mundall of Phoenix, Ariz.; Gladys Kime of Washington, D. C.; Arthur Bergman of Centralia, Wash., and Arthur Place of Walla Walla, Wash.

### Notes of Interest From Sanitarium and Hospital

Dr. H. G. Westphal is able to resume his duties in the hospital after three weeks' illness from pneumonia. Mrs. Westphal, however, now is having an attack of la grippe.

Clarence Spaulding, who has been employed in the hydrotherapy department of the sanitarium for the past year, is leaving this week for St. Helena, Calif., where he will attend Pacific Union College.

Mrs. J. W. Harris and the Misses Doris Miller, Maye Hansen and Edith Travis spent Sunday at Catalina Island. Miss Hansen, who is the superintendent of the Mission hospital at Santa Cruz, is visiting in Glendale for two weeks.

C. E. Kimlin, manager of the Glendale Hospital and Sanitarium, returned this morning from San Francisco where he went on business.

William Stienfield of 1203 North Central avenue, Glendale, entered the sanitarium yesterday to recuperate from a severe cold.

### CHOIR MEMBERS ON PICNIC

The members of the choir of the First Methodist church of this city are planning on a wiener roast and picnic to be held on Saturday night of this week at the palisades at Santa Monica. They will make the trip from Glendale in machines, leaving here early in the afternoon.

Following the regular rehearsal last Thursday night, the singers motored to Charles Starkey's ranch near Burbank, where they enjoyed an old fashioned "watermelon feed." After a spirited contest, in which several of the rivals "fell by the wayside," J. B. Clark of 336 North Maryland avenue was declared the champion melon eater of the choir.

### RETURN AFTER TWO YEARS

Mr. and Mrs. Martin C. Abarta, former well known residents of this city, returned to Glendale Saturday of last week after an absence of over two years. During that time they have lived in the Santa Antonio canyon at the foot of Mt. Baldy, where Mr. Abarta has been employed at the hydro-electric plant of the Southern California Edison company.

At present Mr. and Mrs. Abarta and their baby daughter, Martha Jane, are visiting at the home of Mr. and Mrs. Joseph Feinstein of 512 Patterson avenue, where they will stay until their new home, which is being built on Salem street, is completed.

A discriminating thief entered the home of Mr. and Mrs. A. L. Ferguson, 518 North Orange street yesterday morning and stole the following: A gold wrist watch, valued as a keepsake, a portable electric sewing machine, valued as a household necessity, and a violin which Mrs. Ferguson loves to play. The boldness of the crime causes Mr. Ferguson, who is vice principal of the high school, to warn other householders that doors and windows should be locked.

### Charles B. Guthrie and Family Return From Auto Journey

Mr. and Mrs. Charles B. Guthrie and daughter, Catherine, of 314 Patterson avenue, who have been touring the northwest for the past seven weeks, returned home late last night after a motor trip of more than 5000 miles with no engine trouble.

When they left in July they expected to take a much shorter trip, but were lured on by the proximity of so many cities they wanted to visit that the journey became quite extensive. They drove first through Humboldt and Mendocino counties, then north to Oregon and Washington, visiting Crater Lake, finally reaching Seattle. While in that city they decided it was so near Vancouver that they would cross the line into Canada. Once in Vancouver they decided to go on to Victoria, B. C., before starting for home. The return trip took them through Tacoma, Washington and over the new Rocky Mountain highway to Wyoming, where they stopped at Rawlins and visited relatives for a few days, then took the Leighton highway as far as Salt Lake City, and were routed by officials there over the Arrowhead trail back to California.

Originally planning to camp most of the way they found that in nearly every case they were near a hotel when night came on, so their camping was limited to a week in the Yellowstone and a few nights along the other trails.

While in Rawlins, Wyo., they added to their party Mrs. Guthrie's niece, Miss Barbara Baker and brought her back to Glendale with them. Barbara will spend the coming winter here with the Guthries and see how the climate of Southern California agrees with her.

Their trip was ideal as far as good times are concerned and everyone marvelled at their good luck in having little or no trouble with their car. But seven weeks is a long time to be away from home, and they are all glad to get back home again. Catherine Guthrie will start in her second year at high school next week and will spend the rest of the week resting after her strenuous outing.

### Elder J. W. Christian and Others Visiting

Elder J. W. Christian, president of the Pacific Union Conference, and B. M. Emerson, secretary, left last night for Lodi and Sacramento on business for the Seventh-day Adventist church.

Prof. W. W. Ruble of this city is at St. Helena, Calif., this week attending the opening of the Pacific Union College. W. C. Raley also is spending a few days there attending to accounting work during the opening of that educational institution.

### H. C. Hatterscheid on Way to Eastern Home

Hatterscheid, cashier of the Farmers and Merchants bank of Cedar Bluff, Nebraska, who has been here for the last ten days visiting at the home of his sister, Mr. and Mrs. Herman Nelson, 641 East Harvard street, left Monday for his home in the middle west. He hopes to locate in southern California eventually.

### MRS. T. KELEHER HOSTESS

Mrs. T. J. Keleher of 528 North Louise street was hostess last Thursday at a very pretty luncheon at the Los Angeles Athletic club, at which she entertained a group of insurance men's wives who have formed a social club. The luncheon was served in the English room at the club. American Beauty roses were used very effectively as table decorations and the colors carried out in the tally cards for the afternoon's play.

Mrs. Keleher's guests included the following: Mrs. B. C. Fischer, Mrs. J. Moreton, Mrs. C. C. Schallenberg, Mrs. C. H. Gatchel, Miss Ted Gatchel, Mrs. I. M. Fisher, Mrs. T. T. Castle, Mrs. W. Reed, Mrs. P. Black, Mrs. B. B. Keleher, Mrs. W. Labory. The members of the club, accompanied by their husbands will spend the coming week-end at Forest Home.

### OVERCOME BY GAS FUMES

Dr. F. M. Collier of 208 East Chestnut street is confined at the Glendale Sanitarium and Hospital, where he was taken in an unconscious condition Sunday morning after having been overcome with gas fumes in his home. The accident befell Dr. Collier while he was taking his morning bath. Suddenly a loud commotion was heard in the bath room and, after no response was given by the doctor, his nurse entered the room and found him on the floor in an unconscious condition as the result of having been overcome with gas escaping from a leaking jet. Help was at once summoned and Dr. Collier was rushed to the hospital, where he was revived. Attending physicians have announced that he will regain his normal health within a few days.

### ORGANIZATION STAGES ROUSING RALLY AND OUTLINES PLANS FOR DRIVE, SHORT AND SNAPPY ONE

City Divided Into Districts; Chairman And Aids  
Chosen; Committees Will Meet Tonight And  
Get Details To Increase List Of Names

ONE THOUSAND MEMBERS in the Glendale Chamber of Commerce! That is the goal set last night at a great big, rousing rally held in the exposition tent. There were more than 2500 citizens in attendance, many of them being members of the Chamber of Commerce, for with the class of 125 who were introduced by Assistant Secretary E. F. Sanders, there were 550 members who had seats reserved for them in the front of the amphitheatre.

Committees were named for the drive, the city being divided by Broadway and Brand boulevard with four chairmen and aides, a complete list being given elsewhere. Within a week's time it is expected that these committees, in conjunction with a committee of the whole, will bring in the required new members to carry the roll over 1000.

Tonight at the White Inn the committees will dine and outline their work. One week from last night every member who has obtained a new member, according to Secretary James M. Rhoades, will be the guest of the board of directors at a dinner where the novices will be introduced to Chamber of Commerce work.

W. E. Evans Presides  
All of which briefly outlines the plans for increasing membership as they were revealed last night at the enthusiastic meeting presided over by Attorney W. E. Evans, following a delightful concert by the Elk-Legion band, directed by Raymond

### Sylvester L. Weaver, President Of Los Angeles Chamber Of Commerce, Gives Many Reasons Why Organization Is Necessary To Community

THE PRINCIPAL ADDRESS of last night's Chamber of Commerce rally was that delivered by Sylvester L. Weaver, who is president of the Los Angeles Chamber of Commerce. He spoke on the phenomenal accomplishments of the various chambers throughout southern California and also of the unlimited possibilities for advancement that Glendale has through its Chamber of Commerce.

In speaking of the large proportion of women belonging to the local chamber Mr. Weaver stated that their presence in the organization makes it more "home like" and that "wherever there are no women belonging to a chamber, such as in the Los Angeles association, it is a distinct loss to the men members."

Mr. Weaver stated that the main purpose of his address was to enthrone those who should be members as well as those who are members, and to impress upon them the importance of a Chamber of Commerce in Glendale and other cities of southern California.

"If it were not for the diligent and untiring work of the various chambers in the southern part of the state during the past thirty years Los Angeles and her surrounding territory would be nothing but a desert," he said.

Following this statement he emphasized the importance of advertising the beauties and assets of southern California, claiming that "it is (Continued on Page 4)

### High School Will Break All Records In List of Pupils

With 233 students of an estimated enrollment of 1200 registering yesterday, the Glendale Union High School faculty is preparing for the largest year in the history of that institution. Several hundred more are electing their courses today with all of the department heads and members of the teaching force present to advise them regarding the various courses of study.

It is the request of Principal George U. Moyle that all young people who expect to enter high school this term report this week and register so as to avoid the confusion and congestion accompanying the opening day, Monday, September 12.

A teachers' meeting will be held at 1:30 o'clock, Saturday afternoon, at which time the work for the year will be organized and classrooms assigned. There are several new members of the faculty to become acquainted with their co-workers and pupils.

Mr. and Mrs. E. W. Gilliland of 500 Patterson avenue have just returned from a two weeks' visit in Kingman, Arizona, where they were the guests of Mrs. Gilliland's parents, Mr. and Mrs. W. E. Frost. They found the weather delightfully cool there.

### Bebe Daniels Sings of Bars, Jail Bars, at C. of C. Rally

Bebe Daniels of California and Santa Ana, as Chairman W. E. Evans announced her at the C. of C. rally here last night, made a personal appearance to boost her old home town, for Bebe went to school here.

Accompanied by Mr. Eddy at the piano, she sang the "Judge Cox Blues," a parody relating her ten days behind the bars in Santa Ana for speeding on Orange county highways. Great applause was given the film star for her choruses from "All By Myself," "The Story Book Ball" and "Morning, Noon and Night."

Miss Daniels' mother and maid accompanied her, and speed cops didn't worry how fast she motored home. She was the only one of a half dozen film stars invited to appear who was able to be present.

### First Member In New C. of C. Drive Is Glenn Dolberg

Glenn D. Dolberg, photographer of 206 West Broadway, is the first new member in the drive for 1000 launched last night by the Glendale Chamber of Commerce. David W. Goodfellow, barber, whose shop adjoins Mr. Dolberg's studio, wins a dinner next Tuesday night as a result, for he took the application to the secretary's office before 9 o'clock this morning.

Introduction of the new members obtained during the week's campaign will be at the opening of the new headquarters about November 1 in the new Citizens building, opposite The Glendale Evening News, according to Secretary James M. Rhoades. That date will mark the opening of a strenuous season to build a greater Glendale.

### Glendale Smashes Kansas Record for Sunflower's Growth

Speaking of "unusual" things happening in California, here is something that is unusual and true.

Mr. and Mrs. Joe Griffin of 205 West Acacia avenue have growing in their back yard a mammoth sunflower plant. This plant is thirteen and one-half feet tall and points straight toward heaven. The main stalk is crowned with a flower which measures twelve inches in diameter. Usually there is one flower to the stalk, but this being something "unusual" there are nearly forty other smaller flowers which measure anywhere from five to eight inches across. Several of the leaves measure twenty inches across at the widest point.

Mrs. Griffin stated "It just grew voluntarily and without much attention. It happened to grow in the center of a patch of cucumbers and for that reason got plenty of water, but aside from that it has had no care."

### JUDGE LOWE GRANDFATHER

Judge F. H. Lowe of the local police court is wearing an unusually broad smile today, all because he is the grandfather of a brand new 8-pound baby girl. The newcomer was born yesterday, September 6, 1921, to Mr. and Mrs. H. E. Lowe of 667 North Central avenue, this city.

## New Members of Glendale Chamber Compared to Jewels

Comparing the new members of the Glendale Chamber of Commerce to jewels representative of the Jewel City, E. F. Sanders, assistant secretary, made a flowery speech of introduction which bespoke his ability as an orator. He said in part:

"Mr. President, board of directors, ladies and gentlemen: Cornelia, the mother of the Gracchi, was visited at one time by a lady from Campania. When the latter asked to be shown her jewels, as was customary in those days, Cornelia stepped to her door and called into the presence of the lady visitor her twelve sons. She said to her fair guest: 'These are my jewels.'"

## Jewels of Glendale

"Mr. President, I have the distinguished honor at this proud moment to present to you these jewels of Glendale, the jewel city of the San Fernando valley. All of them are red-blooded, loyal-hearted citizens of this city and they are at your call and disposal for the betterment of the city they live in. Call on them in any way you see fit."

"I knew when I came to Glendale that I was coming to the most beautiful spot in America, because I have visited them all. I did not know much about the people, but I could not see how after they were here but what they must become good under the good influences prevailing here."

## Finds Finest People

"And when you sent me out as a representative of the Chamber of Commerce I found the finest people I have ever been privileged to associate with. I want you to know these people."

Then came the introduction of all of those seated on the stage and the officials of the chamber. Mr. Sanders paused at the name of C. G. Woods, of Grand View avenue, whom he stated could not be present in person, but was there in spirit.

In addition to those whose names have been published from time to time, the name of Dr. Mabelle Winckler, who telephoned her application for membership yesterday afternoon, was given as the latest addition to the membership.

## Knights of Pythias Making Plans Behalf Pasadena Gathering

Harding page class at Tournament park, Pasadena, next Friday, were completed. The members of the local lodge and the visiting knights will leave at 7 o'clock, sharp, from the Castle hall, corner Park avenue and Brand boulevard.

Reports of Captains Nicholson and Mulzer on membership drive were enthusiastically received.

On Tuesday, September 20, the lodge will hold a stag party. Admission will be by invitation only. There will be a program of music, vaudeville, speaking, and refreshments will be served. This party will be known as a "Glendale First" party.

## Everything Harmony In L. Marston's Home

Everything is harmony now in the home of Lester Marston, 200 East Wilson avenue. He is the happiest employee about Spahr's drug store this week.

## ORGANIZATION WILL START DRIVE FOR NEW MEMBERS

Great Rally Is Held and Big Enthusiasm Displayed by Citizens of Glendale

(Continued From Page 1)

D. Crawford, The harmony of this popular organization filled the big tent and all that was lacking of the circus idea was the roasted peanuts and lemonade.

Reserved seats for the members of the Chamber and planks spread across packing house boxes for the public at large, the stage and the dampened sawdust made a picturesque setting for the opening fall meeting.

## New Members Appear

During the playing of "The Stars and Stripes Forever" by the band, the new members headed by Secretaries Rhoades and Sanders marched triumphantly through the tent and took their places on the stage which was gaily decorated with the national colors.

In close succession came the singing of "America" by the audience; C. C. Cooper, president of the Chamber, introduced Attorney Evans as chairman who very pointedly described the growth of southern California in general and Glendale in particular.

E. F. Sanders then told why he believed Glendale to be the most beautiful spot in America, for he had seen them all, he said; and the introduction of new members was followed by the introduction of Secretary Rhoades, who was described by Mr. Sanders as the "best secretary I have ever met in the length and breadth of this land."

As for the board of directors, Mr. Sanders said nice things about all of them and everybody got real well acquainted.

"These are the representative business men who direct the controlling interests, who scrutinize every bill, men who have great ideas, men who expect you to pull this great civic load before the Chamber of Commerce," said Mr. Sanders in a glowing tribute to the board which closed with the little verse familiar to all, beginning, "If I knew you and you knew me."

## Address of Welcome

Mr. Evans then introduced Attorney Owen E. Emery, who made the welcome address on behalf of the board of directors, a resume of which will be found in other columns. "Ida and Dottie," a cornet duet by L. E. Wilber and C. K. Aston with band accompaniment, was highly appreciated. Then came Bebe Daniels, the surprise number, whose appearance proved her promise is as good as her bond.

Mr. Sanders' announcement of the continuation of the membership drive which he started and told how easy it is to get people to join a live organization like the Chamber of Commerce here.

## In Residence Sections

"Do not try to obtain the members among the business people of the city," he cautioned the committees. "You will find the merchants and professional men ninety-nine and one-half per cent lined up already. But it is out in the residence sections, your own neighbor, if you please, who should be a member of this organization which is working for the good of all who live here."

"He is the fellow who wants to come in. You'd be surprised at the number I found who were simply awaiting the invitation. He has got just as much to do with the Chamber of Commerce as the business man."

"I would like to make a wager that every one of the new members on this stage will bring in a new one during the week's drive," concluded Mr. Sanders.

## Thanks Expressed

Following the address by Sylvester L. Weaver, president of the Los Angeles Chamber of Commerce, Secretary Rhoades made a brief talk, in which he congratulated the new members and offered a vote of thanks, in behalf of the members of the chamber, to those who participated in making the rally a success. The firms and organizations which received special mention were the Elks-Legion band, which donated its services for the evening; the Bentley-Schoeneman lumber company, for furnishing seats; H. Elmo LaBrique, tent and lights; Glendale Music company, piano; First Methodist and Congregational churches, chairs, and the Sparr Fruit company, boxes for seats.

The rally came to a close with the entire audience joining in singing "The Star Spangled Banner," ably led by Raymond D. Crawford.

## PET DOG IS POISONED

Mrs. Eva J. Cunningham of 114 North Orange street reports that their little dog was poisoned Sunday morning with strychnine while playing in the yard. "He was such a harmless dog and the children's pet," stated Mrs. Cunningham, "and would not even chase chickens out of the yard, so why any one should poison him I do not know." She also stated that there were two other dogs poisoned the same morning and they also were small dogs and companions to youngsters.

## SYLVESTER WEAVER STATES REASONS FOR C. OF C.

Head of Chamber of Commerce of Los Angeles Speaker at Big Meeting Here

(Continued From Page 1)

the first and most important duty of any Chamber of Commerce."

After stating that southern California can take care of twenty million people and she probably will within the next few years, Mr. Weaver remarked that "the United States is divided into two classes of people—half that want to go to heaven and half that want to come to southern California; and I think the latter half predominates. The world and its family are headed for southern California."

## Gives Some Reasons

In stating the reasons why cities and municipalities can grow and prosper best under the guidance of a Chamber of Commerce, the speaker declared that the chamber is an organization that is representative of the entire citizenship. "More representative than the lodge, the church, the social club or any other organization the Chamber of Commerce is the conscious voice of the community," he said. "It is a civic necessity, covering all of the phases pertaining to the public welfare of the municipality. Where would our parks, schools, industries and playgrounds be if it were not for the efforts of the Chambers of Commerce?"

Mr. Weaver told of the wonderful strides that have been taken by the Los Angeles harbor during the past few decades until it is now recognized as one of the largest ports in the world.

## Gateway for World

"The present port is a gateway to every port in the world, and practically all of its progress is due to the activities of the Chambers of Commerce of Los Angeles and its neighboring cities. The first work ever done in the development of the harbor was in 1873 when the Los Angeles Chamber of Commerce succeeded in getting the government to furnish \$150,000 for that purpose," he said.

"Los Angeles county and southern California has just started. The finest of citizenship, industry, and, in fact, everything that helps to make up this wonderful land of ours, is daily being brought here by the Chambers of Commerce."

## The Great Crowd at the Chamber of Commerce Rally Last Evening

—proves as nothing else could the progressive civic spirit of Glendale citizens.

It is extremely hard for the ordinary citizen to really realize how rapidly Glendale is growing. The building permits for August totaled over half a million—and scores of families are locating in this "City of Homes" each month, and many more are patiently waiting until there are more houses for rent.

The business section to properly supply the wants of an ever-growing population must continue to expand—and anyone investing his capital in the erection of substantial business structures cannot fail but receive good dividends on his investment.

If interested in having business blocks erected an interview is solicited.

Mr. and Mrs. George E. Clayton of 200 South Orange street returned home yesterday from an extended trip east which took them by the way of the Canadian Rockies to New York, Detroit and Chicago. They went through Banff, Alberta, and Windsor, Ontario, with beautiful country along the way. Mr. Clayton reports.

"Broadway looks the same as it did when I lived in Gotham," he added. "I found that business is getting better every day. A high spirit of optimism prevails."

"At Detroit the Dodge factory is working to full capacity and is away oversold on production which makes deliveries a matter of time. However, the great plant is doing all in its power to relieve the situation."

On the return trip from Chicago, Mr. and Mrs. Clayton came over the Union Pacific and Los Angeles and Salt Lake branch of that line. Summing up the whole trip, Mr. Clayton said that while he had relatives in New York and had lived in several of the eastern points visited, "Glendale is as good a town as there is with the strides it is making in building."

### Tom Kennedy Hero In Rescue at Long Beach

Tom Kennedy, son of Thomas E. Kennedy, 202 Fairview avenue, aided in the rescue at Long Beach on Labor day of Mrs. B. Juntson who was nearly drowned in the surf. While Bert S. Coleman, marine editor of a Los Angeles newspaper, struggled with her quite a distance from shore, Kennedy quickly swam to the couple with a life preserver and brought them back to shore safely.

Young Kennedy is a husky fellow and the battle with the waves did not daunt him, according to reports in the Long Beach and Los Angeles papers. Natural enough, his parents are quite proud of their son's heroic deed.

## To the Fathers of School Children

Dear Sirs:

You have been buying the children new clothes, no doubt, as school starts next week, but have you given a thought as to how these clothes are going to be kept clean?

Are you going to let your wife rub her life away on them, and make her old before her time? Why not save her health, time, and your money by sending the family wash to the laundry?

We have installed a New Way System of laundering that places laundry within reach of all.

## Cornell's "Oatmeal" finish is even lovelier than I anticipated!

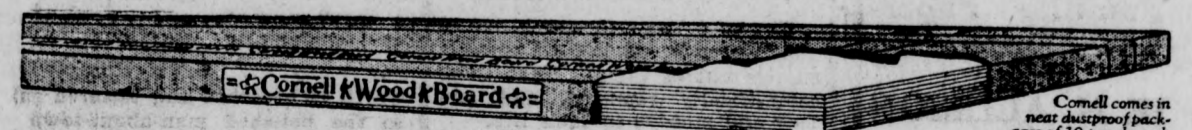

PANELING a room with Cornell-Wood-Board is infinitely cleaner and quicker than lathing and plastering and the results are indeed superb! Were it not for Cornell Panels I should have had to endure a mass of work for days, and then wait weeks perhaps for plaster to dry out. Of course I might have used some other wallboard, but I found no surface half so attractive as Cornell's "Oatmeal" finish. My lumberman says that Cornell comes all ready primed—"Mill-Primed" he calls it—so I can have it painted just the tint I want without expense for a priming coat.

**Tom Mix in Thriller, Harold Lloyd Comedy at Glendale Theatre**

Tom Mix is a screen star who never lacks an audience. His name has come to be a guarantee of entertainment of the most satisfying sort. There may be differences of opinion concerning the value of the story presented, but never concerning the quality of Mix's work. This daredevil Fox star provides the feature today and tomorrow at the Glendale Theatre in "The Big Round Up," and as William McLeod Raine wrote the story, this should measure up to the star's ability.

"I Do," the Harold Lloyd scream which had its screen premier here some months ago, provides the second part of a program unexcelled. So many people saw "I Do," and they are going to see it again—that it is needless to tell of the comedy king's able work. Manager Howe says "Come early if you expect to get in," and a word to the wise is sufficient. There will be two shows tonight, 7:00 and 9:00 p. m. The matinees are at 2:30 o'clock.

A large audience last night saw the premier of Tuesday night vaudeville programs and to say they were pleased is lightly complimenting Melkjohn & Dunn's booking ability. Their shows are excellent, always.

**DALE WOOD WRITES OF Y. M. C. A. WORK AT KAMP KOLE**

High School Problems Under Discussion at Gathering of Various Leaders

By DALE T. WOOD  
With Glendale Hi-Y Boys at  
Kamp Kole

Special to The Evening News  
Glendale people undoubtedly are interested in the Y. M. C. A. training camp that is being conducted at Kamp Kole, the property of the Long Beach Y. M. C. A. This camp is north of Mt. Wilson, about eight miles by trail, and on the west fork of the San Gabriel river.

Most of the boys hiked here last week-end from the foot of Mt. Lowe which made a pleasant little journey of some thirteen miles—a very unlucky number for the tenderfoot.

Kamp Kole is unique in that it is the first one of its kind to be held in California through the efforts of the Y. M. C. A. The purpose of the training school is to gather together the leaders of the various high schools in the southland for the purpose of discussing ways and means of meeting high school problems, especially those of moral welfare.

This method of meeting conditions that are arising in the high schools have been found quite effective and has the indorsement of educators throughout the state. The representatives from Glendale Union high school other than myself are Alton Mattie, Paul Edmonds and George Jordan.

**'Too Wise Wives' at Palace Grand Now With '1000 to One'**

Creating a highly favorable impression, Lois Weber's new photoplay, "Too Wise Wives," was presented at the Palace Grand Theatre yesterday. The story treats of a woman who marries because of her necessity for money. Her old sweetheart weeps because he is piqued at her desertion. His old flame, after her marriage, makes covert advances to her former sweetheart and the later, although happily married, narrowly misses being caught in the trap she sets for him. It is a Paramount picture.

That Hobart Bosworth is a consummate artist is clearly evidenced also in the double bill which will be seen for the last time today. Bosworth is starring in "A Thousand to One," his first J. Parker Read, Jr.-made Associated Producers' offering in which he dons the "soup-and-fish" wears flowery dressing robes, a "sitz" mustache and a general air of nonchalance. Different? Well, you'll say so! From Hobart Bosworth in breeches and tattered shirt to the polished man-about-town of the earlier part of "A Thousand to One" is a far cry, but certainly in the present instance, a happy one.

**HEARTY GREETINGS GIVEN NEW ONES BY O. C. EMERY**

Real Welcome Is Extended to Members and Then They Are Told of Duty

Introduced by Chairman W. E. Evans as a young man who was a home product of Glendale, Attorney Owen C. Emery delivered a speech of welcome at last night's meeting of the Chamber of Commerce. He said in part:

"This a welcome to new members of the Chamber of Commerce. On behalf of the president and the board of directors, we heartily welcome you to our midst. You have signified your intention of lending a shoulder to the wheel to make Glendale a bigger and more wonderfully prosperous city.

"You have, in joining the Chamber of Commerce, put the stamp of approval on this organization which is yet quite young. And it might not be out of the way to give you a brief history of its life.

Steadily Increasing

"Not more than eight months ago this organization was first reorganized into a greater Chamber of Commerce and one month after fifty citizens took hold of things we were proud to tell that Glendale was thoroughly alive with more than 500 active and 100 reserve members.

"Instead of decreasing, as many chambers do, the number has been increasing. And the chamber has done so many things it would be useless to try to tell you in a few moments. But I do want to point to one thing. It would have been impossible to have staged this great exposition which occupied this tent last week, had it not been for an organization such as the Chamber of Commerce.

"You were surprised at the number of stores and industries represented in the displays. We will feel the results of this publicity for years. For our busy secretary sent out invitations to all of the Chambers of Commerce in the southland to attend—and they did.

Industry in Evidence

"The representatives of other cities learned what Glendale was manufacturing, the stocks its stores carry and found out that it was unnecessary to send east for many lines of goods. Yet that is only one of the many things the Chamber of Commerce already has done.

"It is a success, but not through the criterion of this show alone. Its success is pointed out here tonight. If this organization was not a thorough success, alive to the opportunities presenting themselves, not one of you 125 new members whom we welcome would be here tonight.

"We welcome you, but in that welcome there is a duty on your part. You can aid us in attaining the goal of 1000 members. If you have ideas bring them before the board of directors. We are always open to suggestions. We are always approachable and your duty has just begun.

'Don't Be Too Busy'

"You will be appointed to committees. Do not be too busy to serve. It is concerted effort that is going to place Glendale to the forefront of all suburban cities. (Applause).

"It is impossible to exaggerate the growth of southern California and Glendale—a clean city, both physically and morally, lying between the beautiful hills with all of the municipal advantages to be desired and all of the climatic conditions any city can boast of.

"Our membership will not stop at 1000 as the years roll by, nor will 5000 be an impossible figure, for the only thing to make Glendale known throughout the world is an organized Chamber of Commerce and the only way it can succeed is to have all of its citizens and all of its members behind it."

**Notice of Street Work**

Public notice is hereby given, that the Council of the City of Glendale, on the 1st day of September, 1921, did at its meeting on said day, adopt a Resolution of Intention, No. 1232, to order the following improvement to be made, to-wit:

First—That Orange Grove Avenue between the easterly curb line of Adams Street and the westerly line of Sycamore Canon Road and between the easterly line of Sycamore Canon Road and the westerly curb line of Verdugo Road, including all intersections of streets or alleys, except those portions as are already graded to the official line and grade, be graded to the official grade heretofore established therefor, the same to be done in accordance with plans and cross-sections No. 427, Profile No. 771, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 34.

Second—That a four (4) inch cast iron water pipe be laid in Orange Grove Avenue and across intersecting streets along a line seventeen (17) feet north of the easterly curb line of the southerly line of Orange Grove Avenue, said pipe to extend from a line seventeen (17) feet easterly from the westerly line of Adams Street to the westerly line of Sycamore Canon Road and from the easterly line of Sycamore Canon Road to a line seventeen (17) feet westerly from and parallel to the east-

**Your Paint Dollar—How Big in 5 Years?**

THE best paint will be good five or more years hence, if properly applied. Cheap paint, on the average, starts cracking in twelve months.

It's what paint covers that you want to save—not merely a few cents per gallon in first cost.

Cheap paint does not spread as easily or as far as good paint. So when you figure labor and square yards covered, cheap paint on the house costs as much as good paint.

Cheap paint in practically every instance, is the most expensive you can buy.

Don't allow surfaces to rot. It costs less to paint them.

The paints specified by Fuller are the result of 72 years experience in the making of all kinds of paints, varnishes, etc., for western use.

We use the best materials, PURE PIONEER WHITE LEAD, pure linseed oil, zinc and color as others do, but we combine them with a 72 years' knowledge and long-time skill.

Our white-lead base is finely ground pure white. It must pass through a silk screen with 40,000 meshes to the square inch. We use special machines for mixing the materials in scientifically exact proportions.

So Fuller colors are exceptionally clear-toned and Fuller House Paints are noted for covering capacity, ease of spread and great durability.

If you want from five or more years' protection for your property investment, get Fuller's western paint for western weather conditions—a paint you know.
